## PARENT / GUARDIAN / CARER CONSENT FORM

---

### Professional Diploma in Therapeutic Life Story Work

As part of the Diploma in Therapeutic Life Story Work course, students need to complete a placement using the therapeutic life story work model. The student will then present their reflections on these sessions to a small group of students and Course Director in order to assess if they have put the learning of the training into practice well enough to achieve the Diploma.

Confidentiality is assured at all times unless your child is at risk for any reason, in which case the student would follow procedures set out in the Institute's policy on Child Protection and Safeguarding. In this instance the Course Director will request a copy of the signed agreement to ensure that the correct procedure has been followed.

If you would be happy for your child to be involved in this scheme, please complete this form.

As the parent / guardian / carer, I agree to my child being part of the therapeutic life story work sessions for the Diploma in Therapeutic Life Story Work course.
