

THERAPEUTIC LIFE STORY WORK

Advanced Certificate 2022

WHAT IS THERAPEUTIC LIFE STORY WORK?

Therapeutic Life Story Work (TLSW) enables children and young people who have experienced trauma of child abuse and neglect, and who are struggling with the pain of their past, to reflect, develop compassion for themselves and move on. It is a defined approach, designed to introduce the past as markers for the present. Once these are understood, the child is supported in considering how to move on to make significant changes, as a result of a far deeper understanding and awareness of how their history has been negatively impacting on their present.
