

SYMPOSIUM & ALUMNI EVENT

9th & 10th October 2023

Therapeutic Life Story Work UK is pleased to announce that we will be holding a 2-day Symposium in Manchester on Monday 9th & Tuesday 10th October 2023.

This event will look at the development of the Rose Model of TLSW and celebrate the official launch of the UK committee. Delegates can learn about the benefits of TLSW across a range of settings and clients. We will hear from children, young people, and families about their experience of participating in TLSW.

If you are not sure what TLSW is, this is the event to come to.

If you are a practitioner and wish to learn more and share best practice, this event is for you.

For those who have completed TLSWi training we are holding an Alumni Evening Event on Monday 9th October 2023. This will allow a great opportunity for practitioners to come together, refresh and update techniques, and learn more about the UK committee.

WHO SHOULD ATTEND

The 2-day Symposium will be open to all TLSW Practitioners, Social Workers, Social Care Managers, commissioning local authorities, schools (*head teachers, SENDCos, mental health leads and pastoral staff*), virtual schools, therapeutic practitioners, adopters, foster carers and anyone interested in the Rose Model of Therapeutic Life Story Work.

The Alumni event will be open to all those who have completed the TLSWi 6-day Advanced Certificate and 12-day Professional Diploma in Therapeutic Life Story Work.

WHY ATTEND THESE EVENTS?

Delegates attending the Symposium will have the opportunity to witness the intervention, hear from practitioners, carers and young people about the experience and outcomes. We will share information about our approach, training opportunities, and an overview of this evidence-based practice.

Those attending the Alumni Evening will have the chance to meet with other practitioners practicing the Rose Model to share experience and best practice. The evening will offer updates about TLSW practice, TLSWi membership, and developments in TLSWuk.
